National Cake is a board game about the history and future of Nigeria. It highlights the critical events, decisions, policies, and turning points that have shaped the nation we know today, covering Nigeria's journey from 1800 to 2025 while simulating possible futures from 2025 to 2075.

But National Cake is more than a board game.

It is a metaphor made real, a mirror of Nigeria's soul, a classroom without walls, a battleground of consequences, and a laboratory for civic imagination.

This is history funified, education simplified, and patriotism verified.

National Cake will challenge you to feel, think, investigate, act, belong, believe, and become.

Play the Nation. Understand the Nation. Build the Future.

For vision just put:

Our Vision

To help every Nigerian understand where we come from, embrace who we are, and shape where we are going.

Mission

To use play, storytelling, and civic imagination, to spark national reorientation by transforming Nigeria's history, identity, and future into engaging experiences that educate, inspire, and empower citizens. This is why every Nigerian must have a box of National Cake.

Join Project GIANT and make history.

Our greatest tragedy as a nation today is that Children, including adults, know foreign heroes but cannot name the heroes who built their nation, because History is has disappeared from our homes, our schools, and our everyday conversations.

Unfortunately, when a nation loses its story, it slowly loses its identity and a people without history become a people without direction.

This is why Project GIANT exists.

Project GIANT is a national movement to preserve Nigerian history, strengthen national identity, and inspire a new generation through storytelling, learning, play, and meaningful conversations.

This is because history is more than the past, it is identity, belonging and purpose.

Through the National Cake History Box, we are putting Nigeria's story back into homes, schools, libraries, orphanages, youth centers, and communities across the country.

Every donated box is a portable classroom and every conversation becomes an opportunity to awaken pride, responsibility, and citizenship.

Why Your Donation Matters

You are not simply donating a box.

You are helping a child discover Nigerian heroes.

You are helping a family reconnect with the values that build strong citizens.

You are preserving stories that might otherwise be forgotten.

You are strengthening the emotional and cultural foundation of our nation.

You are building Civic Intelligence and Patriotic Capital.

Most importantly, you are helping ensure that the next generation inherits not just a country. but the story that gives meaning to that country.

Finally, you are gifting knowledge and insight to youths, to understand the mistakes of the past and avoid the traps of yesteryears.

Our Mission

Over the next two years, Project GIANT aims to place National Cake History Boxes in:

10,000 Schools

50,000 Families

Reaching millions of Nigerians home and abroad with the stories that unite us, inspire us, and remind us who we are.

The future of Nigeria will not be built only in government offices, boardrooms, or election cycles alone, it will also be built in schools, homes, picnics and around dinner tables.

Today, you have an opportunity to become part of that future.

Donate Today

Preserve Nigerian history.

Inspire a generation.

Build patriotic capital.

Strengthen national identity.

"A single donation may place history in a child's hands. A larger donation may place it in an entire school. A legacy donation may help preserve it for generations."
